The first time I was exposed to Shakespeare was freshman year of high school. Sure, I had heard the name before, but I had never read any of his words. We were forced to read Romeo and Juliet, and yes I mean it when I say forced. His words were an English that I did not understand, and the references he made went over my head nine times out of ten. We slogged through this play, without me getting much out of it. Sure, there were copious amounts of footnotes, but when the footnotes nearly equal the length of the play, it's hard to hold my interest. This happened for the next three years with Julius Caesar, Othello, and finally Hamlet. My understanding did increase marginally from year to year, but I always regretted not appreciating the Bard as much as I could and should

have. I don't want my children to have these same regrets, so I am going to expose them to Shakespeare earlier than I did. One way I am going to do that is with Twenty Shakespeare Children's Stories. Included in this collection are the following plays:1. A Winter's Tale2. All's Well That Ends Well3. Antony and Cleopatra4. As You Like It5. The Comedy of Errors6. Cymbeline, King of Britain7. Julius Caesar8. King Lear9. A Midsummer Night's Dream10. Much Ado about Nothing11. Othello12. Romeo and Juliet13. The Merchant of Venice14. Macbeth15. The Two Gentlemen of Verona16. Timon of Athens17. Twelfth Night18. Hamlet19. The Tempest20. The Taming of the ShrewEach story is 64 pages long with illustrations on almost every page. The beginning of each book starts with a one page introduction on who Shakespeare was. It then gives a cast of characters for each play.
