A History Of Western Society, Value Edition, Volume 1

Synopsis

The lively and accessible narrative and the hallmark focus on social and cultural history that has made *A History of Western Society* one of the most successful textbooks for the Western civilization course is now available at a greatly reduced cost. The new Value Edition of *A History of Western Society* includes the full narrative, the popular "Individuals in Society" feature, and select primary sources, images, and maps. Available with all of the integrated media and supplements of the full text--including access to LearningCurve, Bedford's new online adaptive learning resource, and new online document assignments--the Value Edition offers a wealth of resources for students and more flexibility for instructors, all at an extremely affordable price. Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (10 customer reviews)

Best Sellers Rank: #67,554 in Books (See Top 100 in Books) #177 in [Books > History > World > Civilization & Culture](#) #827 in [Books > History > Europe](#) #933 in [Books > Textbooks > Humanities > History](#)

Customer Reviews

While I have yet to find a history textbook that isn't a dry read, the information in this book is clear, complete and well written. There are great visuals, graphs and maps that lend to the text. I probably wouldn't have purchased this as a personal reading choice, however I do understand why my history professor chose this book. Also, I love how compact it is in comparison to a normal hardcover textbook. I received this copy used and cannot even tell it had been used, it is in perfect condition. It has held up well in being carried around for 2 months continuously.

Beware if you're renting the e-book! My professor told me that this e-book is the 'brief edition', therefore it's missing some key Primary Source sections, among other things. I rented the e-book

for value and convenience, but ended up paying the ultimate price. My professor requires us to analyze the Primary Sources; I can't do my assignments with this book because a majority of the Primary Source sections are omitted. Now it looks like I'm going to have to pay an arm and a leg through my college bookstore to get the physical copy of the book that has all the material.

I really learned a lot, it doesn't give a history of just boring battles between kings, but common people, culture, art, writings.

Required reading for one of my classes. Good quality, exactly what I needed.

Great book. Just what I needed for my class. No complaints
