Fly, My Lupus Butterfly, Fly

By Talaythea L. Miles
A little girl named Teah becomes ill and doctors struggle to figure out what is causing her to become so sick. After several hospital visits, they finally find out that she has lupus. She learns what the disease is and how to stay healthy.

**Customer Reviews**

This is a great book for children and adults. It's a colorful and child friendly book to inform all ages about Lupus. The story is very heart warming and informative.

It is a sweet book. My daughter is 9 and it was maybe too basic for her. However it is a good way to introduce a difficult matter to young lupus patients.
