I bought the Wonderlic scholastic level exam study guide. I just want to tell you this book is awesome. This book is so great I pass the first time I took the exam. Thanks for the study guide I just got accepted to the nursing program. This book I recommend to anyone that needs to take SLE TEST. I was not only prepare for the test, I was confident. The book has helpful techniques to aim for an A. You won't regret it. Thanks again- Ana R

This guide certainly lives up to its name and in a way that benefits anyone who uses it. It not only has the summaries of the material - which are very thorough I should add - it also comes with a great set of tips and strategies that help you through a lot of the things that hamper studying; like procrastination and anxiety. And if that alone isn't sufficient for you it also has a practice test with answer key. It's the total package.

The guide for the Wonderlic Scholastic Level Exam is just as good as any class you can take. It features detailed summaries of the necessary material and gives you a practice test for each subject complete with answer and explanation key. The guide also helps by showing you how to best use your time and how to make the most of your practice sessions.

The practice questions and the information on overcoming anxiety are key components of this guide. Reviewing the section on test anxiety increases your chances of being successful on the exam greatly. The practice questions give you a preview to the test, which is of great assistance.

I bought this item because I need to take a test in Kaplan. It did not really cover most of the questions that appeared in the actual exam, but it can probably help you practicing your mind to solve problems by the given time limit in the actual test.

I enjoyed the study material the 20 test taking tips was very helpful since I have not taken an exam for over 25 years. The section on how to overcome test Anxiety was a plus.
