The Bloomsbury Companion To Heidegger (Bloomsbury Companions)

Synopsis

Martin Heidegger is one of the twentieth century's most important philosophers, and now also one of the most contentious as revelations of the extent of his Nazism continue to surface. His ground-breaking works have had a hugely significant impact on contemporary thought through their reception, appropriation and critique. His thought has influenced philosophers as diverse as Sartre, Merleau-Ponty, Arendt, Adorno, Gadamer, Levinas, Derrida and Foucault, among others. In addition to his formative role in philosophical movements such as phenomenology, hermeneutics and existentialism, structuralism and post-structuralism, deconstruction and post-modernism, Heidegger has had a transformative effect on diverse fields of inquiry including political theory, literary criticism, theology, gender theory, technology and environmental studies. The Bloomsbury Companion to Heidegger is the definitive textbook to Heidegger's life and work, in fifty-nine original essays written by an international team of leading Heidegger scholars. This new edition presents comprehensive coverage of Heidegger life and contexts, sources, influences and encounters, key writings, major themes and topics, and reception and influence, and includes a chapter addressing the controversial Black Notebooks, National Socialism, and Antisemitism. This is the ideal research tool for anyone studying or working in the field of Heidegger Studies today.

Book Information

Series: Bloomsbury Companions

Paperback: 520 pages

Publisher: Bloomsbury Academic; Expanded edition (June 30, 2016)

Language: English

ISBN-10: 1474245102

ISBN-13: 978-1474245104

Product Dimensions: 6.2 x 1.6 x 9.3 inches

Customer Reviews

I wrote a review of this recently for the New York Journal of Books. This really is a must-read for

anyone interested in Heidegger, existential-phenomenology, continental philosophy and the many areas his work influenced in the natural and human sciences.
