Customer Reviews

I have used other Responsive Classroom materials, and find this one of the best values. I was looking for ways to make morning meetings more fun and meaningful, and found them here. There is enough variety to last a year. All four areas (greeting, message, activity, and sharing) are well represented. Nice format, too.

As a new teacher this book is a fantastic resource for morning meeting ideas. Even if you don't do exactly what they say it provides a great starting point. The price, as compared to other professional texts, is great too.

Excellent book with great ideas. Transaction was also satisfactory.

This book is filled with great social skills activities for kids of all ages. I have already adapted a few to use with my class.

This is a great resource! I also love that it is very small and handy to carry with me. It is a quick reference.

A great book that I have been able to utilize so far this school year. My students love the activity Elevens!

I will continue to use this great resource throughout the year to add to our growing list of amazing greetings

Great ideas for starting the morning and building the community within my classroom.
