Customer Reviews

Simply Amazing! After reading the book, I become one of Dr. D'Onofrio's patients! I had several re-occurring medical issues in which western medicine doctors had no clue why I was having them and just kept giving me a series of drugs that had too many side affects never curing the original problem. Since reading this book and becoming one of his patients, my life has changed for the better. My digestion, skin, hair and over all health has vastly improved. I very seldom catch a cold or get sick. My allergies disappeared. I referred a girlfriend of mine who was diagnosed with breast cancer and given a few months to live. She is alive and well today, living a healthy life and cancer free, thanks to Dr. D'Onofrio! Buying his book and reading it is a very good first step! Going to see him and embracing the changes he suggests, will change your life and your health in the most amazing ways!
